February 19, 2016

An act to amend Sections 7200 and 7200.5 of, and to add Section 7215.7 to, the Business and Professions Code, relating to professions and vocations.

## LEGISLATIVE COUNSEL'S DIGEST

SB 1331, as amended, Pavley. State Board of Guide Dogs for the Blind: membership: out of state out-of-state schools: followup services.

Existing law establishes within the Department of Consumer Affairs a State Board of Guide Dogs for the Blind, which consists is comprised of 7 members appointed by the Governor.

Existing law requires 2 of the board members to be persons who are blind or visually impaired who use guide dogs.

This bill would instead require the board to be composed of at least 3 members who are blind or visually impaired who use guide dogs. Of these 3 board members, the bill would require one representative from each of the 2 major consumer organizations representing Californians who are blind or visually impaired. The bill would also require the Governor, in making these appointments, to consider recommendations from those organizations.

Under existing law, the board has exclusive authority in this state to issue licenses for the instruction of persons who are blind or visually impaired in the use of guide dogs and for the training of guide dogs for use by persons who are blind or visually impaired. Under existing law, the board also has exclusive authority in this state to issue licenses to operate schools for the training of guide dogs and the instruction of

persons who are blind or visually impaired in the use of guide dogs. Existing law makes it unlawful for any person to sell, offer for sale, give, hire, or furnish under any other arrangement, any guide dog or to engage in the business or occupation of training a guide dog unless he or she holds a valid and unimpaired license issued pursuant to this chapter. A violation of the provisions governing guide dogs is a crime.

This bill, whenever an individual has received training or instruction from a specified certified school outside of this state, would authorize personnel from that school to provide that individual with any followup services within this state with respect to the specific guide dog for whom training or instruction was originally provided outside of this state, as specified, and would place those services beyond the jurisdiction of the board. specified. The bill would require the personnel, within 5 days of arriving in this state, to notify the board of their intent to provide those services, would authorize the board to refuse to allow personnel who have committed certain acts for which the board could suspend or revoke a license to provide those services, and would place those personnel under the disciplinary jurisdiction of the board while they provide those services. The bill, until January 1, 2018, would require the board to prepare a factsheet regarding various functions of the board, to post that fact sheet factsheet on its Internet Web site, and to provide copies to each of the licensed guide dog schools. The bill, until January 1, 2018, would also require a licensed guide dog school to provide copies of the fact sheet factsheet to every student receiving training from that school. Because the failure of a licensed guide dog school to provide those copies and the failure of personnel to provide that notification would be a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.
